

Worried about income mismatch in ITR? Here's how the compliance portal can help you fix it with certain income

By Neelanjit Das, ET Online • Last Updated: Mar 05, 2024, 11:11:00 AM IST

Tax experts say that there could be many factors for this mismatch error to occur. "In certain instances, we have seen that taxpayers had inadvertently accepted the details in the Annual Information Statement (AIS) twice via the feedback tab. This unintentional action has resulted in the system erroneously double counting the same income in the taxpayer's records, leading to subsequent discrepancies," says Neeraj Agarwala, Partner, Nangia Andersen India, a tax and business advisory firm.
