Govt sets up online portal to fast track PLI-led visas including for Chinese vendors

The portal to fast track the PLI visas has been up for about a week. The aim is to ensure smoother approvals for technicians.

According to Mayank Arora, Director-Regulatory, Nangia Andersen India, “a number of domestic companies approved under PLI Schemes requiring specific technical expertise from Chinese individuals have been facing issues with obtaining Indian Visas for such Chinese nationals. Setting up of a dedicated portal and more importantly close co-ordination between MHA and DPIIT will provide the industry with greater confidence not only for visa related issues, but also with Press Note 3 related foreign direct investment (FDI) and Section 144(xi) of General Financial Rules, 2017 related Public Procurement Regulations.”
